From The Kitchen

Jamaican Cuisine

All meals are served with a choice of white rice or Rice & Peas (seasoned rice with red kidney beans and a hint of coconut cream). Large meals are also served with a choice of steamed vegetables or green salad. Low-carbers can request vegetables instead of rice for a small addition in price.

Oxtail & Beans

Tender pieces of Oxtail seasoned Jamaica style and slow cooked until almost falling off the bone. Butter beans are added to enhance the rich flavour. Extra gravy is a common request.

Curried Goat

Our famous blend of curry spices and just enough country pepper (scotch bonnet) are infused into bite size pieces of goat while we slow cook this favourite dish. Cooked with the bone, the meat is tender and the flavour is divine.

Brown Stew Chicken

A favourite for our Jamaican clientele, this tasty dish is bursting with the flavour of Jamaican spices and just a hint of heat from Jamaican country pepper (scotch bonnet). Not too spicy, but oh so flavourful. Carrots and sweet pepper soak up the seasonings of this dish and add a faint sweetness that is this dish's refrain.
